### **Paragon Software Shows New Product to 1100 Press at CES ShowStoppers**

#### **January 2007 – San Jose**

Paragon Software successfully demonstrated its new products to 1100 members of the press at ShowStoppers @ CES 2007. Reporters and industry analysts discover the future of business, consumer, lifestyle and digital technologies for work, for home, for play at this blockbuster press event.

Paragon Software was proud to show the company's new Hard Disk Manager. Commenting on their new product and the success of ShowStoppers, Paragon CEO Konstantin Komarov said, " We have worked hard to make Hard Disk Manager easy to use, feature rich and the best value for the money.. It is reliable, flexible and packed with useful disk management tools. As a result, it was well received at ShowStoppers. We have been flooded with product requests."

ShowStoppers is an invitation only event showcasing audio hardware & software, Bluetooth & broadband technologies, car audio, computer hardware & software, telematics & vehicle navigation, digital TV/HDTV, ecommerce, electronic gaming, global positioning systems, handheld information devices, home theater, home networks & SMB appliances, healthcare, home and business security gear, Internet applications & services, mobile electronics, MP3/Internet audio, personal electronics, digital photography, robotics, speech technology, telephony, VOIP, video hardware & software, WiFi and WiMAX technologies, and the wireless life and business.
